 HEALTHY SOLUTIONS FOR A HAPPIER PET

## Specialized diets designed with you and your pet in mind.

Though it may seem like it at times, not all dogs have cast-iron stomachs. This formula is built to help address your pet's sensitive stomach. Some dogs fare better on a grain-free diet, so potatoes are included to provide important carbohydrates. High-quality, easily digestible egg protein provides the essential amino acids your dog needs. And to further help support digestion, probiotic strains that are native to the canine GI tract are added in guaranteed levels. Diamond CARE™ Sensitive Stomach Formula for Adult Dogs is safe for prolonged use, so if you find it helps your dog, you can keep him on it. But like anything concerning your pet's health, check with your veterinarian first.

## BENEFITS IN THE BAG

### EASILY DIGESTIBLE PROTEIN

High-quality egg and potato proteins are easy for sensitive stomachs to digest and taste great.

### GUARANTEED CANINE PROBIOTIC STRAINS

To help support digestion and a healthy immune system, each cup of Diamond CARE provides a guaranteed amount of live, active cultures of K9 Strain® Probiotics. These beneficial bacteria are developed specifically for dogs and processed under strict human-grade standards to ensure purity.

### GRAIN-FREE

As an alternative to grains, potatoes provide high-quality carbohydrates.

### FIBER BLEND

A blend of tomato pomace, psyllium seed husk and dried chicory root helps support optimal digestion.

### LIMITED-INGREDIENT DIET

A narrow selection of high-quality ingredients provides an alternative feeding option that still delivers complete nutrition for your dog.

### ANTIOXIDANT FORMULA

Guaranteed levels of zinc, selenium and vitamin E help support a healthy immune system.

### OMEGA FATTY ACID BLEND

Omega-6 and omega-3 fatty acids help support healthy skin and coat.

### CHANGING TO DIAMOND CARE SENSITIVE STOMACH FORMULA FOR ADULT DOGS

Changing your pet's diet should be a gradual process. Start by adding a small amount of your pet's new food to their current food. Gradually increase the new food amount and decrease the current food amount at each feeding. Continue this method for 10 to 14 days.

### NUTRITION STATEMENT

Animal feeding tests using Association of American Feed Control Officials procedures substantiate that Diamond CARE™ Sensitive Stomach Formula for Adult Dogs provides complete and balanced nutrition for maintenance.
